OPPORTUNITY AWAITS YOU

Brandt Dietry '19 chose to attend UCF because of the significant academic and real-world opportunities he would have access to here — a choice that would prove to be quite rewarding. While earning his degree in economics with a minor in legal studies at UCF, the National Merit Scholar was handpicked by a professor to intern at a law firm. Today, Brandt is working in Chicago with the Cook County State Attorney's Office, and is attending Harvard Law.

"I always knew I wanted to go to a big school for the types of opportunities they can provide, and I think if you rise to the top in a big school that's more valuable than rising to the top in a smaller school."

RESEARCH WITH AN IMPACT

Every day at UCF, you can find students and researchers working together to generate real-world impact, improving the lives of our local and global community. Research opportunities are wide-ranging and on-going in the areas of energy, tourism, HIV, cancer, mental health, human behavior, civics education, language acquisition, cybersecurity, sea-level rise, building energy conservation, species conservation and the impact of art on health.

IMAGINATION IN ACTION

Turn your big ideas into reality with UCF makerspaces. Students across all disciplines can gather, conceptualize, test and create in collaborative labs featuring state-of-the-art technology. This ecosystem of opportunity includes the Texas Instruments Innovation Lab, which is equipped with 3D printers, laser cutters and other high-tech equipment, and a manufacturing lab to finalize prototype designs. The Lockheed Martin Cyber Innovation Lab — which serves as a learning hub, classroom and the practice center for the university's cyberdefense club, Hack@UCF — helps hone future leaders in STEM and cybersecurity. And the Games and Interactive Media Makerspace at UCF Downtown (pictured right) provides students with the resources to experiment and create games, websites and interdisciplinary projects.

COMMUNITY & CELEBRATIONS

With hundreds of events and activities outside the classroom, there are seemingly endless ways to make friends, make memories and make the most of your college experience. From Spirit Splash to UCF Celebrates the Arts, these time-honored and fan-favorite traditions are just a few of our top picks.

- 1 The **KNIGHTING** is UCF's official welcome ceremony for new students, and it kicks off a week of exciting events called Pegasus Palooza. Make new friends, explore campus, laugh at comedians and so much more.
- 2 Grab a blanket and pack a picnic to enjoy **SYMPHONY UNDER THE STARS**. The annual community event features the UCF Symphony Orchestra performing an outdoor concert on Memory Mall.
- 3 **SPIRIT SPLASH** is one of the most popular events — and has been voted one of the best college traditions in the nation. During Homecoming Week, Knights charge into the Reflecting Pond and catch collectible rubber ducks and commemorative T-shirts.
- 4 You won't want to miss **UCF CELEBRATES THE ARTS**, a 10-day festival featuring musicals, living art and concert performances that showcase creativity, innovation and collaboration across the university.
- 5 Make sure you've got comfy shoes for this one, because **KNIGHT-THON** concludes with a 20-hour dance marathon. The heartwarming, philanthropic event consistently raises more than \$1 million each year for a local children's hospital.
- 6 If you like roller coasters, you'll love **UNIVERSAL KNIGHTS**. Each spring, thousands of UCF students enjoy exclusive, late-night access to Universal's Islands of Adventure.
- 7 **Student Research Week** is a showcase of discovery and scholarship where students participate in workshops and events, including poster sessions where they present research and creative scholarship to the UCF community.

FINDING LIKE MINDS

Annalicia Burns '14 knew UCF was the right place to start her future because of the university's energetic atmosphere and diverse opportunities. With the encouragement of faculty, the biomedical sciences major balanced her intense pre-med coursework with personal interests as she double-majored in anthropology. Between studying abroad in the Caribbean, conducting research on campus and involvement with the Burnett Honors College, Burns found a rewarding academic journey at UCF that went beyond the classroom and helped prepare her to complete her residency at Duke's pediatric program.

"Whatever interest you may have, however obscure it may be, I feel like you can always find people at UCF who share that interest."

SERVING GREATER CAUSES

Orlando natives **Aliya Centner '21** and **Safia Centner '21** chose to attend UCF to stay close to their community, their family and each other, as well as take advantage of scholarship opportunities as National Merit Scholars and leadership experiences as LEAD Scholars. Their academic journeys as Knights continue as they pursue medical degrees at the UCF College of Medicine. Both hope to better the lives of others and have already started down that path by serving on the executive board for Relay for Life and helping found the UCF chapter of Be the Match.

"We've learned more about our personalities and strengths and have applied our skills to meaningful organizations while at UCF."
