

# BORROWER ACKNOWLEDGMENT STATEMENT

## 2022-2023 ACADEMIC YEAR

In accordance with federal regulation (682.402 c), if a borrower whose loan is discharged due to disability wishes to take out another Federal Student Assistance (FSA) loan or wishes to receive a TEACH grant, he/she must obtain a physician's certification that he/she has the ability to engage in substantial gainful activity, and he/she must sign a borrower statement acknowledging that the new FSA loan or the TEACH grant service obligation can't later be discharged for any present impairment unless it deteriorates so that he/she is again totally and permanently disabled. The school must collect a new borrower acknowledgement from the student each time he/she receives a new loan.

**Total and permanent disability** is the condition of an individual who is unable to engage in substantial gainful activity by reason of a medically determinable physical or mental impairment that can be expected to result in death; has lasted for a continuous period of at least 60 months; or can be expected to last for a continuous period of at least 60 months.

**Substantial gainful activity** means a level of work performed for pay that involves doing significant physical or mental activities or a combination of both.
