## PHYSICIAN'S CERTIFICATION of Borrower's Ability to Engage in Substantial Gainful Activity

### General Information

This form is used to obtain a physician's certification and a borrower's acknowledgment. The purpose is to have a licensed physician certify that the borrower is able to engage in substantial gainful activity and to have the borrower acknowledge that any federal student loans received as a result of this physician's certification cannot be canceled based on any present impairment or condition, unless that impairment or condition substantially deteriorates to the extent that the definition of total and permanent disability is met. This form will allow the borrower to qualify for additional loan(s) under one or more of the following Federal Direct Loans Program: Stafford Loans (subsidized and unsubsidized), PLUS Loans for Undergraduate Students, PLUS Loans for Graduate Students, Consolidation Loans.

### Definition of Total and Permanent Disability

**Total and permanent disability** is the condition of an individual who is unable to engage in substantial gainful activity by reason of a medically determinable physical or mental impairment that can be expected to result in death; has lasted for a continuous period of at least 60 months; or can be expected to last for a continuous period of at least 60 months.

**Substantial gainful activity** means a level of work performed for pay that involves doing significant physical or mental activities or a combination of both.

This definition calls for a judgment decision as to the borrower's ability to earn income despite his or her disability. The physician is to assess the impact of the borrower's disability on his or her ability to earn income in light of what the borrower would normally be able to earn if he or she were not disabled. If the disability appears to have a significant adverse effect the borrower's earning potential, not only in the type of work performed before the impairment but for any substantial gainful employment, and the disability is expected to last for a long and indefinite period of time, then the borrower shall be considered permanently disabled under this definition.

### Borrower Instructions
