

UNIVERSITY OF CENTRAL FLORIDA

COMMENCEMENT

FALL 2025

ABOUT THE UNIVERSITY OF CENTRAL FLORIDA

The University of Central Florida is a bold, dynamic research institution that is ranked among the **nation's most innovative universities** by *U.S. News & World Report*. With more than 70,000 students, UCF is one of the largest universities in the United States and is ranked as **one of the best educational values in the nation** by *Forbes* and *Kiplinger*. The university benefits from dynamic faculty and staff who create a welcoming environment and opportunities for all students to grow, learn and succeed.

A FOUNDATION FOR SUCCESS

UCF and its **12 colleges** offer **250 degrees** at UCF's main campus, hospitality campus, health sciences campus and through multiple regional locations. The **1,415-acre main campus** is 13 miles east of downtown Orlando and adjacent to one of the top research parks in the nation. Other campuses throughout Central Florida include a **fully accredited College of Medicine at Lake Nona and UCF Downtown**, which opened in Fall 2019 and provides innovative urban education for high-demand fields such as digital media and health informatics. UCF's online-only programs include bachelor's degrees, graduate degrees and graduate certificates.

TOP-RANKED EDUCATION

UCF is an **academic, partnership and research leader** in various fields, such as optics and lasers, modeling and simulation, engineering and computer science, planetary science, business administration, education, hospitality management, health care and video game design.

TRANSFORMING FUTURES

UCF is the **leading producer of talent among Florida's universities**, awarding more than 18,500 degrees annually to Knights who go on to work in high-demand industries. Nearly 70% of our alumni stay in Central Florida because of the **ample opportunity to thrive as part of our region's workforce**. Economic impact figures estimate that with a UCF bachelor's degree, average annual earnings are \$25,500 higher than a Floridian with a high school diploma. Ultimately, UCF students get a 23.4% annualized return on their investment.

FROM THE PRESIDENT

Dear Graduates and Families:

Congratulations, Class of 2025! We are incredibly proud of you.

Your determination, grit, and purpose define who we are as a university. You represent the very best of UCF — boldly daring to turn ambition into a degree and potential into real-world impact.

The degrees we celebrate today are more than academic achievements. They are a testament to your hard work in classrooms, labs, studios, internships, and in the community. Through all of life's obstacles, you persisted. And today marks the beginning of your next bold move.

You are now part of a proud tradition of excellence, rooted in UCF's history of innovation and possibility. You are also reshaping that tradition as the leaders of tomorrow. In a time of rising opportunity, your ideas, curiosity, and courage will break new ground and shape a brighter future.

As you cross the stage, you join an incredible network of more than 400,000 UCF alumni, a community of purpose-driven leaders committed to impact, discovery, and service. It is our hope that you will stay connected, give back, and lift others as you climb.

To our graduates' families and loved ones, you have our deepest appreciation. Your encouragement helped make this moment possible, and we are grateful to share in your celebration.

At UCF, we say “**Go Knights**” and answer with “**Charge On!**” **Charge On** is our commitment to do extraordinary things. It is our call to action, a pledge to put in the work and to always keep reaching for the stars *together*. It is a mindset, a calling to keep moving with passion and purpose.

So, in that spirit, **Charge On**, Class of 2025!

A handwritten signature in black ink that reads "Alexander Cartwright". The signature is fluid and cursive, with a long horizontal stroke at the end.

Alexander N. Cartwright, Ph.D.
President and Professor of Electrical
and Computer Engineering

COMMENCEMENT SPEAKER

JOE NUNZIATA

CEO, ACRISURE MORTGAGE

Joe Nunziata is the chief executive officer of Acrisure Mortgage (formerly FBC Mortgage), where he leads one of the nation's largest independent mortgage banks. In addition to his leadership at Acrisure Mortgage, Nunziata is a founder and director of One Florida Bank, a founder and director of Trident Reciprocal Insurance and a director of FBC Insurance Agency. He was appointed by Governor Ron DeSantis to serve on both the Greater Orlando Aviation Authority and the Central Florida Expressway Authority boards.

Previously, Nunziata served as president and CEO of The Sterne Agee Group following its acquisition of FBC Mortgage in 2012. He later was instrumental in FBC's successful re-acquisition from Sterne Agee in 2015, returning to guide the company's next chapter of growth. Earlier in his career, he held executive roles that include senior vice president at First Horizon Home Loans and vice president and shareholder at American Heritage Mortgage Corp., where he served from 1989 to 2003.

Nunziata earned his bachelor's degree from the University of South Florida, attended summer courses at UCF, and completed sessions at the London School of Economics. His leadership and entrepreneurial achievements have been recognized with honors including Executive of the Year by the *Orlando Business Journal* and the Ernst & Young Entrepreneur of the Year award.

COMMENCEMENT SPEAKER

DR. KATHLEEN PLINSKE

PRESIDENT, VALENCIA COLLEGE

Kathleen Plinske serves as president of Valencia College in Orlando, Florida. As a first-generation college graduate, Plinske is committed to expanding access to higher education and workforce training.

She previously served as executive vice president and provost, as well as a campus president, at Valencia College. Her career began at McHenry County College in her hometown of Crystal Lake, Illinois, where she held several roles, including vice president of institutional effectiveness and interim president.

A Herman B. Wells Scholar at Indiana University, Plinske earned a bachelor's degree in Spanish and physics with highest distinction and was inducted into Phi Beta Kappa. While working full-time, she completed a master's degree in Spanish from Roosevelt University and a doctorate in education from Pepperdine University. She later earned a master's of business administration and a master's of science in industrial and systems engineering from the University of Florida.

An avid lifelong learner, she is currently pursuing a doctorate in philanthropy at Indiana University, where her research focuses on improving fundraising success in the community college sector.

COMMENCEMENT SPEAKER

JOANN NEWMAN
PRESIDENT AND CEO, ORLANDO SCIENCE CENTER

Newman joined the Orlando Science Center in 2003 and prior to being named president and CEO in 2009, she served as director of exhibits, then vice president of operations and chief operating officer. During her time as CEO, the Orlando Science Center has seen tremendous growth, now reaching over 650,000 people annually with a mission to inspire science learning for all.

Newman is dedicated to guiding the Orlando Science Center as a premier educational institution focused on informal science and STEM education, family engagement and workforce development.

Originally from Pennsylvania, Newman has a bachelor’s degree in industrial engineering from Penn State University and a master’s degree in industrial engineering from Purdue University. She began her career as an engineer with AT&T Microelectronics in Allentown, Pa., and relocated to Orlando in 1989 with AT&T. When she left the corporation in 2003, she had risen to the position of vice president of manufacturing with responsibility for a staff of 650.

COMMENCEMENT SPEAKER

LANCE LYTTLE

CEO, GREATER ORLANDO AVIATION AUTHORITY

As the chief executive officer for the Greater Orlando Aviation Authority, Lance Lyttle oversees the operations and management of Orlando International Airport and Orlando Executive Airport, two premier gateways to Central Florida — one of the most visited destinations in the world.

Prior to his role as GOAA CEO, Mr. Lyttle served in key leadership roles at three major U.S. airports, where he guided significant capital projects and raised the bar on delivering exceptional customer service. While managing director of aviation for Seattle-Tacoma International Airport, he oversaw major milestones, including the completion of the N Concourse Modernization, International Arrivals Facility, and the expanded Central Terminal. Another project that made significant progress during his tenure was the C Concourse Expansion. Under his management, Seattle-Tacoma was awarded the prestigious 4-Star Airport Rating by international rating agency Skytrax.

His aviation experience is complemented by his involvement with several professional organizations. He currently serves as a board member for the International Association of Airport Executives and the Airport Cooperative Research Program. From 2019 to 2024, he was chair of Federal Affairs for the American Association of Airport Executives and testified before the U.S. House and Senate committees on aviation-related matters.

Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF. Honors awarded will be based on overall cumulative GPA including transfer credit.

Honors are distinguished as follows:

- *** *Summa Cum Laude* — students with 3.950 - 4.000
- ** *Magna Cum Laude* — students with 3.900 - 3.949
- * *Cum Laude* — students with 3.800 - 3.899

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors distinctions can also be referenced at:
<https://www.ucf.edu/graduation/commencement/#bac-honors>

COMMENCEMENT CEREMONY AND ACADEMIC REGALIA, AN EXPLANATION

The Academic Procession has descended from religious processions that came to include teaching faculties when universities were closely associated with the medieval church. The presence of a piper in American academic processions has become popular in recent years. The pipers for UCF's ceremonies are Reginald Lyle and Ben Pugh.

The procedure followed for the awarding of degree is based on a practice developed at the University of Paris almost 800 years ago. In those days, the bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of the students. This threatened impasse was resolved by a compromise under which the teachers, or masters, judged the merits of the students and then recommended them to the bishop for their degrees. Today's ceremony includes a secularized version of that procedure. The dean of the college certifies that the student candidates are qualified to receive their degrees. The president then authorizes the awarding of the degree.

Academic heraldry in the form of academic dress reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th Century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

As heraldic devices such as shields, coats of arms and standards could identify a knight and his individual heritage, academic regalia can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor's, master's and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree as well as the individual's field of learning.

The shape and decorations of the gown are the keys to the highest degree earned by an individual. The gown for bachelor's has long pointed sleeves and is designed to be worn closed only. The master's gown has an oblong sleeve and is open at the wrist; the rear part of its oblong shape is square cut; and the front part has an arc cut away. The master's gown may be worn open or closed. The doctor's gown has bell-shaped sleeves, may be worn open or closed and

may be most readily identified by its velvet facing down the front and by three velvet chevrons on each sleeve.

It is the hood, however, which is the most important and distinctive feature of American academic pageantry. Chevrons enable those attending an academic function to distinguish at a glance the wearer's academic heritage. The bachelor's hood, seldom seen in American academic circles, is three feet long with a two-inch edging of velvet. The master's hood is three and one-half feet long with a three-inch edging. The doctor's hood is four feet long with a five-inch edging.

The color of the hood's velvet edging represents the field in which the wearer earned his or her degree. Although black may be used for any area, colors denoting selected fields of learning are as follows at UCF and American universities: all Ph.D.s are edged in dark blue, while professional doctorates, such as the Ed.D., are edged in the color of professional discipline.

The hoods used by American colleges and universities are lined with silk in the official academic colors of the institution that conferred the degree. UCF graduates, for example, will wear hoods with linings of black and gold. Generally, a school's academic colors are identical to its athletic colors.

The academic regalia you see before you today can be traced directly back to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95% of colleges and universities in the country gave America its own distinct academic regalia. At UCF, the baccalaureate tassel colors are representative of the college. In most cases, it represents the discipline of each college below.

However, at any academic gathering, there usually appear regalia which cannot be fathomed by these guidelines. Some of these may be from foreign universities; others are from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The result is the academic regalia you see before you today.

THE COLORS OF THE MASTER HOODS ARE AS FOLLOWS:

THE UNIVERSITY MACE

During the Middle Ages, the mace was an effective weapon in battle, but as newer and more powerful military arms developed, it was transformed into a symbol of authority.

The earliest ceremonial maces were borne by bodyguards of 12th Century English and French kings. By the end of the 16th Century, they were used widely by officials of English cities and towns. Today, the ceremonial mace is found in the British Houses of Parliament and is frequently carried in ecclesiastical processions and in university convocations and commencement ceremonies.

The mace incorporates two symbols identified with the University of Central Florida. The top is cast in the shape of the star found over the Pegasus in the UCF emblem. Inside the star is a reproduction of the “Flame of Hope” sculpture near the John C. Hitt Library.

The mace is cast in bronze with three bronze UCF emblems inlaid at the crest of the rosewood staff. The center of the staff is engraved with the names of the presidents of UCF.

The creation of UCF’s mace was a collective effort by UCF art professor Jagdish Chavda, sculptor David Cambia and wood craftsman David Conway.

THE PRESIDENTIAL MEDALLION

The gold medallion worn by the university president at formal and ceremonial occasions marks the president as a distinguished scholar and administrator, the highest officer of the university and one who strives to uphold the twin tenets established by its founders: Accent on the Individual and Accent on Excellence.

The medallion is embossed with the university seal showing the mythical Pegasus ascending toward a single heavenly star and the motto, Reach for the Stars. The seal serves as a visible reminder to each member of the university community to strive to reach individual goals. The president has been entrusted to maintain and develop an atmosphere in which these creeds can be realized. The presidential position represented by the medallion epitomizes the foundations and aspirations of the university that the president has pledged to uphold.

As the only UCF official who can formally award a degree, the president recognizes the graduates for meeting the standards of excellence set by the university and for reaching the point from which new ventures begin.

From the presentation of the first medallion in 1968 to charter President Charles Millican to the one worn today, the Presidential Medallion has remained a symbol of academic leadership and the legacy of those pioneers who launched a unique experiment in higher education.

HONORARY DEGREES AWARDED

Honorary degrees are conferred upon distinguished individuals in recognition of extraordinary achievement in scholarship and creativity, or in recognition of a lasting distinction in service to humanity, including meritorious contributions to the university.

The awarding of honorary degrees is a method by which the university expresses its ideals, reveals its character and recognizes exceptional attainments. The greatest recognition the University of Central Florida can bestow upon an individual is an honorary degree.

DIPLOMA DISTRIBUTION INFORMATION

Approximately 8-12 weeks after commencement, all baccalaureate, education specialists and master's degree diplomas will be mailed to the address indicated on the student's Intent to Graduate form. Students should log into myUCF to update their diploma mailing address if that address changes after filing their Intent to Graduate. For additional information, undergraduate students should call the Registrar's Office at 407-823-3100. Graduate students should contact the College of Graduate Studies at 407-823-4132.

Host a reception for alumni, donors, parents or new Knights. Invite others to join Knight Nation.

4. CONNECT WITH **UCF**

Join UCF Knights Network: a virtual career community to help you get **connected**, **expand** your network, seek **advice**, **promote** your business and **advance** your career at **ucfknightsnetwork.com**.

5. SUPPORT **UCF KNIGHTS**

Hire a UCF Knight or give a job recommendation!

NOTES

Congratulations

**TO OUR GRADUATES AND
THEIR LOVED ONES!**

Your hard work and
support have led to this
incredible achievement.
Celebrate this moment and
keep reaching for the stars.

CHARGE ON!

UCF ALMA MATER

All hail to *Alma Mater*
Whose banner's Black and Gold

Will wave in fame and splendor
As the passing years unfold

May loyalty and friendship
Within our hearts unite

And light the star to guide us
Ever upward in our flight

With honor and affection
Our friendships will renew

We sing of thee our *Alma Mater*

Ever true!
