

UNIVERSITY OF CENTRAL FLORIDA

COMMENCEMENT

AUGUST 1, 2020

LIVE THE UCF CREED

INTEGRITY

I will practice and defend academic and personal honesty.

SCHOLARSHIP

I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

COMMUNITY

I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

CREATIVITY

I will use my talents to enrich the human experience.

EXCELLENCE

I will strive toward the highest standards of performance in any endeavor I undertake.

About the University of Central Florida

The University of Central Florida is a bold, preeminent research institution that is regularly ranked among the nation's top 20 most innovative universities by *U.S News & World Report*. With more than 69,500 students, UCF is one of the largest universities in the United States and is ranked as one of the best educational values in the nation by *Forbes* and *Kiplinger*. The university benefits from a diverse faculty and staff who create a welcoming environment and opportunities for all students to grow, learn and succeed.

A Foundation for Success

UCF and its 13 colleges offer more than 220 degrees at UCF's main campus, hospitality campus, health sciences campus, online and through multiple regional locations. The 1,415-acre main campus is 13 miles east of downtown Orlando and adjacent to one of the top research parks in the nation. Other campuses are located throughout Central Florida and include a fully accredited College of Medicine at Lake Nona. UCF's online-only programs include bachelor's degrees, graduate degrees and graduate certificates.

By the Numbers

UCF offers 99 bachelor's, 89 master's, 31 research doctorates, three professional doctorates and three specialist degree programs. It leads all public universities in Florida and is second nationally in conferring more than 16,000 degrees a year. In Fall 2019, the freshman class had an average SAT two-score of 1332, the Burnett Honors College enrolled 2,200 students and the number of incoming National Merit Scholars ranked UCF among the top 25 colleges and universities in the nation.

Top-ranked College Education

UCF is an academic, partnership and research leader in various fields, such as optics and lasers, modeling and simulation, engineering and computer science, planetary science, business administration, education, hospitality management, health care and video game design. In fact, UCF's Florida Interactive Entertainment Academy is ranked as the nation's No. 1 game design graduate school by *The Princeton Review* and *PC Gamer* magazine.

Knight Life

Home to Spectrum Stadium and the Addition Financial Arena, UCF hosts various concerts and shows, plus cultural events and NCAA sports. Student on-campus events and activities are abundant. UCF offers an array of student services, hundreds of student clubs and organizations and dedicated academic resources to help students succeed in school and as alumni. The UCF Downtown campus, which opened Fall 2019, provides an innovative urban education for high-demand fields such as digital media and health informatics.

Graduates and Families,

On behalf of the University of Central Florida, I am very excited to extend my congratulations and best wishes to the Class of 2020.

You are graduating at an unprecedented historic moment, and I wish we could have celebrated this milestone today with you in person. However, do not let the current challenges take away from what you have achieved. Your hard work and persistence got you to where you are today and carried you through these past difficult months.

When someone says, “Go Knights,” I always hear the reply, “Charge On!”

It’s such a fitting philosophy for this university, because that’s what Knights do. And I know you will continue to Charge On and make a profound mark on this world — tackling grand challenges through your unwavering service to others and to society.

I would also like to give a special thanks to the loved ones of our graduates for their support. Whether they are a parent, spouse, child, friend or other family member, their guidance, patience and sacrifice contributed more to this milestone than you know.

Graduates, you have been exceptional ambassadors of this university, and I have no doubt you will accomplish much more than you now imagine for yourselves, and that in everything you do, you will make UCF, your family and your community proud.

Congratulations again on this tremendous achievement.

A handwritten signature in black ink, reading "Alexander Cartwright". The signature is written in a cursive style with a large, stylized initial "A".

Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF and attain an overall grade point average that falls in the top 10 percent of all graduating students in the same college over the prior two-year period.

Honors are distinguished as follows:

- *** summa cum laude— students in the top 2.5 percent
- ** magna cum laude— students in the top 5 percent but not in the top 2.5 percent
- * cum laude— students in the top 10 percent but not in the top 5 percent

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors list cut points are available at:

<https://commencement.ucf.edu/file/104/graduating-honors-cut-off.pdf>

The Commencement Ceremony and Academic Regalia

The Academic Procession has descended from religious processions that came to include teaching faculties when universities were closely associated with the medieval church. The presence of a piper in American academic processions has become popular in recent years. The pipers for UCF’s ceremonies are David Enzfelder and Reg Lyle.

The procedure followed for the awarding of degrees is based on a practice developed at the University of Paris almost 800 years ago. In those days, the bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of the students. This threatened impasse was resolved by a compromise under which the teachers, or masters, judged the merits of the students and then recommended them to the bishop for their degrees. Today’s ceremony includes a secularized version of that procedure. The dean of the college certifies that the student candidates are qualified to receive their degrees. The president then authorizes the awarding of the degree.

Academic heraldry in the form of academic dress reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th Century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

As heraldic devices such as shields, coats of arms, and standards could identify a knight and his individual heritage, academic regalia can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor’s, master’s, and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree as well as the individual’s field of learning.

The shape and decorations of the gown are the keys to the highest degree earned by an individual. The gown for bachelor’s has long pointed sleeves and is designed to be worn closed only. The master’s gown has an oblong sleeve and is open at the wrist; the rear part of its oblong shape is square cut, and the front part has an arc cut away. The master’s gown may be worn open or closed. The doctor’s gown has bell-shaped sleeves, may be worn open or closed, and may be most readily identified by its velvet facing down the front and by three velvet chevrons on each sleeve.

It is the hood, however, which is the most important and distinctive feature of American academic pageantry. Chevrons enable those attending an academic function to distinguish at a glance the wearer’s academic heritage. The bachelor’s hood, seldom seen in American academic circles, is three feet long with a two-inch edging of velvet. The master’s hood is three and one-half feet long with a three-inch edging. The doctor’s hood is four feet long with a five-inch edging.

The color of the hood’s velvet edging represents the field in which the wearer earned his or her degree. Although black may be used for any area, colors denoting selected fields of learning are as follows at UCF and American universities: all Ph.D.s are edged in dark blue, while professional doctorates, such as the Ed.D., are edged in the color of professional discipline.

The hoods used by American colleges and universities are lined with silk in the official academic colors of the institution that conferred the degree. UCF graduates, for example, will wear hoods with linings of black and gold. Generally, a school’s academic colors are identical to its athletic colors.

The academic regalia you see before you today can be traced directly back to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95 percent of colleges and universities in the country gave America its own distinct academic regalia. At UCF, the baccalaureate tassel colors are representative of the college. In most cases it represents the discipline of each college below.

However, at any academic gathering, there usually appear regalia which cannot be fathomed by these guidelines. Some of these may be from foreign universities; others are from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The result is the academic regalia you see before you today. The colors of the master hoods are as follows:

The University Mace

During the Middle Ages, the mace was an effective weapon in battle, but as newer and more powerful military arms developed, it was transformed into a symbol of authority.

The earliest ceremonial maces were borne by bodyguards of 12th Century English and French kings. By the end of the 16th Century, they were used widely by officials of English cities and towns. Today, the ceremonial mace is found in the British Houses of Parliament and is frequently carried in ecclesiastical processions and in university convocations and commencement ceremonies.

The mace incorporates two symbols identified with the University of Central Florida. The top is cast in the shape of the star found over the Pegasus in the UCF emblem. Inside the star is a reproduction of the “Flame of Hope” sculpture near the John C. Hitt Library.

The mace is cast in bronze with three bronze UCF emblems inlaid at the crest of the rosewood staff. The center of the staff is engraved with the names of the presidents of UCF.

The creation of UCF’s mace was a collective effort by UCF art professor Jagdish Chavda, sculptor David Cambia, and wood craftsman David Conway.

The Presidential Medallion

The gold medallion worn by the university president at formal and ceremonial occasions marks the president as a distinguished scholar and administrator, the highest officer of the university, and one who strives to uphold the twin tenets established by its founders: *Accent on the Individual* and *Accent on Excellence*.

The medallion is embossed with the university seal showing the mythical Pegasus ascending toward a single heavenly star and the motto, *Reach for the Stars*. The seal serves as a visible reminder to each member of the university community to strive to reach individual goals. The president has been entrusted to maintain and develop an atmosphere in which these creeds can be realized. The presidential position represented by the medallion epitomizes the foundations and aspirations of the university that the president has pledged to uphold.

As the only university official who can formally award a degree, the president recognizes the graduates for meeting the standards of excellence set by the university and for reaching the point from which new ventures begin.

From the presentation of the first medallion in 1968 to charter President Charles Millican to the one worn today, the Presidential Medallion has remained a symbol of academic leadership and the legacy of those pioneers who launched a unique experiment in higher education.
