KEEP REACHING FOR THE STARS
ABOUT THE UNIVERSITY OF CENTRAL FLORIDA

The University of Central Florida is a bold, preeminent research institution that is regularly ranked among the nation’s top 20 most innovative universities by U.S. News & World Report. With more than 70,400 students, UCF is one of the largest universities in the United States and is ranked as one of the best educational values in the nation by Forbes and Kiplinger. The university benefits from a diverse faculty and staff who create a welcoming environment and opportunities for all students to grow, learn and succeed.

A FOUNDATION FOR SUCCESS

UCF and its 13 colleges offer more than 230 degrees at UCF’s main campus, hospitality campus, health sciences campus and through multiple regional locations. The 1,415-acre main campus is 13 miles east of downtown Orlando and adjacent to one of the top research parks in the nation. Other campuses throughout Central Florida include a fully accredited College of Medicine at Lake Nona and UCF Downtown, which opened in Fall 2019 and provides innovative urban education for high-demand fields such as digital media and health informatics. UCF’s online-only programs include bachelor’s degrees, graduate degrees and graduate certificates.

TOP-RANKED COLLEGE EDUCATION

UCF is an academic, partnership and research leader in various fields, such as optics and lasers, modeling and simulation, engineering and computer science, planetary science, business administration, education, hospitality management, health care and video game design. In fact, UCF’s Florida Interactive Entertainment Academy is ranked as the world’s No. 1 game design graduate school by The Princeton Review and PC Gamer magazine.

CAMPUS LIFE

Home to the FBC Mortgage Stadium and the Addition Financial Arena, UCF hosts various concerts and shows, plus cultural events and NCAA sports. Student on-campus events and activities are abundant. UCF offers an array of student services, hundreds of student clubs and organizations, and dedicated academic resources to help students succeed in school and as alumni.

FROM THE PRESIDENT

Dear Graduates and Families:

Congratulations, Class of 2022. We are so very proud of you. Your optimism, determination, persistence and compassion are an inspiration to the entire UCF community.

The degrees we celebrate today were the fruits of your long labor, often under extraordinary circumstances. The effort you gave attending classes, discovering in labs, creating with faculty and classmates, and working through internships — they led you to this moment and to this new beginning.

Elements of today’s commencement ceremony have their roots in the 12th century. You are part of an age-old tradition of scholarship, learning and creation. But you are executing this tradition in revolutionary ways. You are among the most accomplished, diverse and innovative graduates in history. You will develop the solutions, technologies, philosophies and relationships that will drive a better future. You will change the world like no generation before — I have no doubt.

Our graduates have joined a network of 344,000+ alumni. Together, you will be ambassadors and supporters of this great university. The old saying is that there is power in numbers. I encourage you to use it wisely in service to those around you and to help those coming up behind you.

I would also like to give a special thank you to the loved ones of our graduates. Your support and encouragement contributed more to this milestone than you know. We are grateful to you.

When someone says, “Go Knights,” I always listen for the reply, “Charge On!” It’s not just a cheer, it’s our way of life and how we face the future.

In that spirit, **Charge On, Class of 2022!**

Alexander N. Cartwright, Ph.D.

COMMENCEMENT SPEAKER

KELVIN MANNING
DEPUTY DIRECTOR AT NASA KENNEDY SPACE CENTER

Kelvin Manning serves as deputy director of NASA’s John F. Kennedy Space Center. He began his career there in 1992 and has served in several positions including the center’s associate director, space shuttle flow director, chief engineer for shuttle upgrades, vehicle manager, test director, and first division chief for NASA’s Orion spacecraft. He also served on the last three astronaut candidate selection boards.

He earned his bachelor’s degree from the U.S. Air Force Academy, his M.S. in industrial engineering from UCF and completed the Senior Executive Fellows Program at the Harvard Kennedy School of Government.

Kelvin served six years as an Air Force officer stationed at Eglin Air Force Base and with the North American Aerospace Defense Command. Prior to joining NASA, he was an engineer with General Electric and McDonnell Douglas.

Kelvin has received numerous awards, including the Presidential Meritorious Rank Award, NASA Exceptional Achievement and Public Service Medals, Astronauts’ Silver Snoopy Award, National Black Engineer of the Year Award, Department of Defense Joint Service Commendation Medal, and a National Outstanding Eagle Scout Award.

COMMENCEMENT SPEAKER

PAUL A. SOHL, REAR ADM. USN (RET)

CEO, FLORIDA HIGH TECH CORRIDOR COUNCIL

Paul Sohl is CEO of the Florida High Tech Corridor Council, an economic development initiative of the University of Central Florida, the University of South Florida, and the University of Florida to attract, retain and grow high tech industry and innovation – and the workforce to support it – in a 23-county region. As CEO, he facilitates collaboration between the universities and their partners in economic development and oversees The Corridor Council’s portfolio of programs.

Paul joined The Corridor in June 2020, following 33 years of service in the U.S. Navy, from which he retired as Rear Admiral. He has also served as founder and president of BackFin Partners, a consultancy supporting defense firms contracted by the U.S. government.

Paul earned his bachelor’s in aeronautical engineering from MIT and a master’s in aeronautical and astronautical engineering from Stanford. Additionally, he is a graduate and former Commanding Officer of the U.S. Naval Test Pilot School.

COMMENCEMENT SPEAKER

TIM GIULIANI
PRESIDENT AND CEO, ORLANDO ECONOMIC PARTNERSHIP

Tim Giuliani is advancing the pace of change and altering the perceptions of a place best known for tourism by re-conceptualizing the Orlando region’s economic future. As the founding President and CEO of the Orlando Economic Partnership, Tim is leading a multi-year pursuit to create a new model for economic and community development that challenges the status-quo and establishes a new path forward towards broad-based prosperity.

He has led the effort to add 18,000 new jobs to the region in the past five years, as well as develop the first regional digital twin in the world.

He lives in Orlando with his wife and three children.

Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF and attain an overall grade point average that falls in the top 10 percent of all graduating students in the same college over the prior two-year period.

Honors are distinguished as follows:

*** summa cum laude—students in the top 2.5 percent
** magna cum laude—students in the top 5 percent but not in the top 2.5 percent
* cum laude—students in the top 10 percent but not in the top 5 percent

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors list cut points are available at: https://commencement.ucf.edu/file/104/graduating-honors-cut-off.pdf
Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF and attain an overall grade point average that falls in the top 10 percent of all graduating students in the same college over the prior two-year period.

Honors are distinguished as follows:

- **summa cum laude**— students in the top 2.5 percent
- **magna cum laude**— students in the top 5 percent but not in the top 2.5 percent
- **cum laude**— students in the top 10 percent but not in the top 5 percent

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors list cut points are available at:

COMMENCEMENT CEREMONY AND ACADEMIC REGALIA, AN EXPLANATION

The **Academic Procession** has descended from religious processions that came to include teaching faculties when universities were closely associated with the medieval church. The presence of a piper in American academic processions has become popular in recent years. The pipers for UCF’s ceremonies are David Enzfelder and Reg Lyle.

The procedure followed for the awarding of degree is based on a practice developed at the University of Paris almost 800 years ago. In those days, the bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of the students. This threatened impasse was resolved by a compromise under which the teachers, or masters, judged the merits of the students and then recommended them to the bishop for their degrees. Today’s ceremony includes a secularized version of that procedure. The dean of the college certifies that the student candidates are qualified to receive their degrees. The president then authorizes the awarding of the degree.

**Academic heraldry in the form of academic dress** reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th Century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

**As heraldic devices such as shields, coats of arms, and standards** could identify a knight and his individual heritage, academic regalia can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor’s, master’s, and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree as well as the individual’s field of learning.

**The shape and decorations of the gown are the keys** to the highest degree earned by an individual. The gown for bachelor’s has long pointed sleeves and is designed to be worn closed only. The master’s gown has an oblong sleeve and is open at the wrist; the rear part of its oblong shape is square cut, and the front part has an arc cut away. The master’s gown may be worn open or closed. The doctor’s gown has bell-shaped sleeves, may be worn open or closed, and may be most readily identified by its velvet facing down the front and by three velvet chevrons on each sleeve.

**It is the hood, however, which is the most important and distinctive feature** of American academic pageantry. Chevrons enable those attending an academic function to distinguish at a glance the wearer’s academic heritage. The bachelor’s hood, seldom seen in American academic circles, is three feet long with a two-inch edging of velvet. The master’s hood is three and one-half feet long with a three-inch edging. The doctor’s hood is four feet long with a five-inch edging.

The color of the hood’s velvet edging represents the field in which the wearer earned his or her degree. Although black may be used for any area, colors denoting selected fields of learning are as follows at UCF and American universities: all Ph.D.s are edged in dark blue, while professional doctorates, such as the Ed.D., are edged in the color of professional discipline.

The hoods used by American colleges and universities are lined with *silk* in the official academic colors of the institution that conferred the degree. UCF graduates, for example, will wear hoods with linings of black and gold. Generally, a school’s academic colors are identical to its athletic colors.

The academic regalia you see before you today can be traced directly back to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95 percent of colleges and universities in the country gave America its own distinct academic regalia. At UCF, the baccalaureate tassel colors are representative of the college. In most cases it represents the discipline of each college below.

However, at any academic gathering, there usually appear regalia which cannot be fathomed by these guidelines. Some of these may be from foreign universities; others are from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The result is the academic regalia you see before you today.

THE UNIVERSITY MACE

During the Middle Ages, the mace was an effective weapon in battle, but as newer and more powerful military arms developed, it was transformed into a symbol of authority.

The earliest ceremonial maces were borne by bodyguards of 12th Century English and French kings. By the end of the 16th Century, they were used widely by officials of English cities and towns. Today, the ceremonial mace is found in the British Houses of Parliament and is frequently carried in ecclesiastical processions and in university convocations and commencement ceremonies.

The mace incorporates two symbols identified with the University of Central Florida. The top is cast in the shape of the star found over the Pegasus in the UCF emblem. Inside the star is a reproduction of the “Flame of Hope” sculpture near the John C. Hitt Library.

The mace is cast in bronze with three bronze UCF emblems inlaid at the crest of the rosewood staff. The center of the staff is engraved with the names of the presidents of UCF.

The creation of UCF's mace was a collective effort by UCF art professor Jagdish Chavda, sculptor David Cambia and wood craftsman David Conway.

THE PRESIDENTIAL MEDALLION

The gold medallion worn by the university president at formal and ceremonial occasions marks the president as a distinguished scholar and administrator, the highest officer of the university, and one who strives to uphold the twin tenets established by its founders: Accent on the Individual and Accent on Excellence.

The medallion is embossed with the university seal showing the mythical Pegasus ascending toward a single heavenly star and the motto, Reach for the Stars. The seal serves as a visible reminder to each member of the university community to strive to reach individual goals. The president has been entrusted to maintain and develop an atmosphere in which these creeds can be realized. The presidential position represented by the medallion epitomizes the foundations and aspirations of the university that the president has pledged to uphold.

As the only university official who can formally award a degree, the president recognizes the graduates for meeting the standards of excellence set by the university and for reaching the point from which new ventures begin.

From the presentation of the first medallion in 1968 to charter President Charles Millican to the one worn today, the Presidential Medallion has remained a symbol of academic leadership and the legacy of those pioneers who launched a unique experiment in higher education.
Approximately 8-12 weeks after commencement, all baccalaureate, education specialists and master’s degree diplomas will be mailed to the address indicated on the student’s Intent to Graduate form. Students should log into myUCF to update their diploma mailing address if the diploma mailing address changes after filing their Intent to Graduate. For additional information, undergraduate students should call the Registrar’s Office at 407-823-3100. Graduate students should contact the College of Graduate Studies at 407-823-4132.
LIVE THE UCF CREED

INTEGRITY
I will practice and defend academic and personal honesty.

SCHOLARSHIP
I will cherish and honor learning as a fundamental purpose of my membership in the UCF community.

COMMUNITY
I will promote an open and supportive campus environment by respecting the rights and contributions of every individual.

CREATIVITY
I will use my talents to enrich the human experience.

EXCELLENCE
I will strive toward the highest standards of performance in any endeavor I undertake.
All hail to Alma Mater
Whose banner’s Black and Gold
Will wave in fame and splendor
As the passing years unfold

May loyalty and friendship
Within our hearts unite

And light the star to guide us
Ever upward in our flight

With honor and affection
Our friendships will renew

We sing of thee our Alma Mater

Ever true!
