

FOUNDERS' DAY

A CELEBRATION OF EXCELLENCE

APRIL 2, 2025

WELCOME TO OUR

FOUNDERS' DAY CELEBRATION

Founders' Day is a celebration of UCF's excellence and an opportunity to recognize the employees, faculty, and students who make this place so special and who power our collective impact.

*Thank you for helping us honor
some of our **outstanding Knights**.*

REMEMBERING OUR HISTORY

AND CELEBRATING OUR FUTURE

The annual tradition of Founders' Day was started to honor the **visionary leadership and generosity** of an extraordinary group of community leaders known as the **UCF Founders**.

Theirs is a powerful story of partnership, determination, and perseverance.

In 1963, the state authorized the creation of a university for Central Florida. In January 1964, state officials selected a site of 1,227 acres in east Orange County. Yet, neither the Legislature nor the governor moved to fund the new school, and Orange County lacked the money. The land was in danger of slipping away, which would have been a devastating setback.

Just in time, 89 local residents — the UCF Founders — came together to pledge the \$1 million in cash and securities needed to purchase the land with no guarantees of repayment, ensuring UCF was built here in East Orlando.

Today, the spirit of teamwork shown by our founders lives on in the incredible employees, faculty, and students who make up our UCF community and keep our university charging on to greatness.

CONTENTS

STANDING FOR OPPORTUNITY

“UCF is special because of the opportunities it has provided me. I’m actually implementing all of the ideas and everything that I had previously in my career and actually get to execute them here and UCF gives me the opportunity to do so. It also gives me the guidance and tools I need to succeed.”

EMPLOYEE EXCELLENCE AWARDS

These awards are offered by the university to highlight **A&P, USPS, and OPS-Non-Student Employees** who have done something innovative, inspiring, and/or exceptional in support of our campus community. Honorees were nominated by university leadership to be considered for this special recognition. Nominees and awardees are recognized live during the Employee Honors Celebration on Founders' Day.

and Computer Science*

MEDAL OF SOCIETAL IMPACT

This honor recognizes faculty whose research has contributed significantly to the benefit of humankind. Honorees are selected by an external committee comprised of members from the National Academy of Sciences, the National Academy of Engineering, and the National Academy of Medicine.

The award includes a \$50,000 grant and shines a bright spotlight on a core aspect of a public university's mission — conducting research, scholarship, and creative activities for the betterment of our society.

MOHAMED ABDEL-ATY

COLLEGE OF ENGINEERING AND COMPUTER SCIENCE

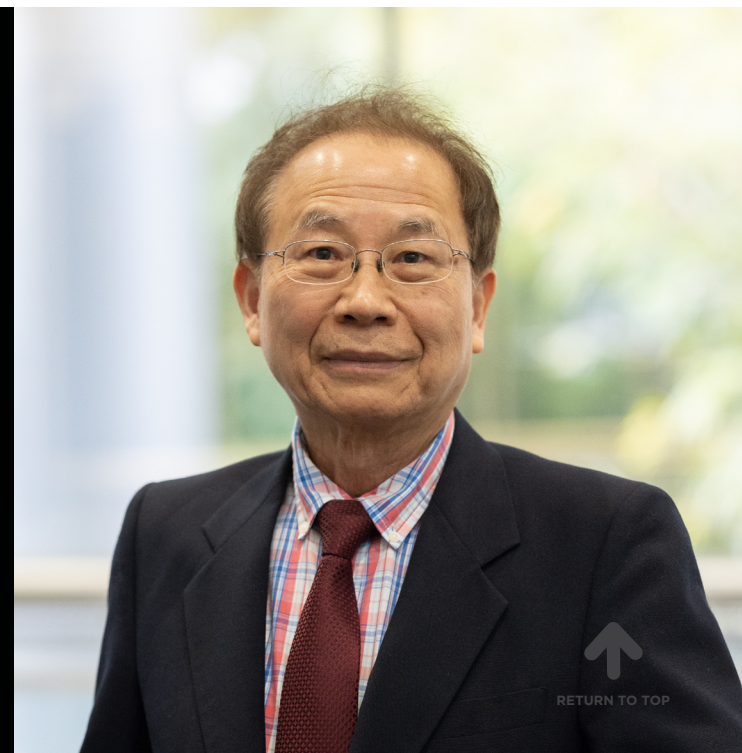

BIG 12 FACULTY OF THE YEAR

This new honor spotlights exceptional faculty at each of the athletic conference's 16 institutions who shine in research and innovation.

Big 12 institutions nominated their faculty of the year candidates in conjunction with faculty athletics representatives, provosts, and other university leaders. The new awards showcase the academic excellence, robust research breakthroughs, and educational opportunities available to students at Big 12 institutions.

REACH FOR THE STARS

The prestigious **Reach for the Stars** award recognizes early-career professionals with highly successful research and creative activity that has a national or international impact. Honorees share a dedication to advancing knowledge and addressing real-world challenges within their respective fields. Each researcher demonstrates a commitment to innovation, whether it's in clean energy, healthcare, performing arts or manufacturing.

Their Reach for the Stars award highlights their contributions to academia and underscore UCF's commitment to fostering groundbreaking research. The prestigious award is second only to Pegasus Professor as UCF's highest faculty honor.

Honorees will receive a \$10,000 annual research grant for three years in addition to the distinction of being an award recipient.

PEGASUS PROFESSORS

UCF's **Pegasus Professor** award is the highest honor a faculty member can earn from the university.

Established in 1991, this prestigious award recognizes extraordinary contributions in teaching, research, and service. Recipients are distinguished scholars who demonstrate exceptional dedication to their students, innovative research and creative activity, and impactful community engagement.

Pegasus Professors serve as role models for faculty and students, inspiring a university culture of excellence, innovation and community service across campus. Their achievements contribute significantly to UCF's drive to unleash potential as a leading metropolitan research university of local, national, and global impact.

Honorees are selected by the president and provost and each receives \$5,000.

“I’LL DO ANYTHING IN MY POWER TO MAKE SURE ALL OF MY STUDENTS HAVE WHATEVER THEY NEED TO BE SUCCESSFUL.”

DR. ROGER AZEVEDO is a professor in the School of Modeling Simulation and Training within the **College of Engineering and Computer Science**. He is also the lead scientist for UCF’s Learning Sciences Faculty Cluster. His research focus includes examining the role of cognitive, metacognitive, affective, and motivational self-regulatory processes during learning with advanced learning technologies, such as multimedia, simulations, intelligent tutoring systems, hypermedia and more.

He has published more than 300 peer-reviewed papers, chapters, and refereed conference proceedings in the areas of educational, learning, cognitive, educational, and computational sciences. He also serves on the editorial board of several top-tiered learning and cognitive sciences journals, including *Applied Cognitive Psychology*, the *International Journal of AI in Education*, and the *Educational Psychology Review*. His research has included funding from the National Science Foundation, the Institute of Education Sciences, the National Institutes of Health, and the Social Sciences and the Humanities Research Council of Canada. His honors include being a fellow of the American Educational Research Association and the American Psychological Association.

He joined UCF in 2018 and earned his Ph.D. in educational psychology from McGill University in Canada.

“NOTHING IS MORE IMPORTANT TO ME THAN SERVING AND MAKING A POSITIVE IMPACT. IT’S WHY I ENJOY MY WORK SO MUCH.”

DR. FEVZI OKUMUS is the Central Florida Hotel and Lodging Association Preeminent Chair Professor at **Rosen College of Hospitality Management**. He was the founding chair of the Hospitality Services Department from 2007-2013.

His expertise includes strategic management, leadership, hospitality management, services marketing, training, and lodging. He has over 330 academic publications, including more than 210 refereed journal articles, seven books, 12 book chapters, and 90 conference presentations and reports. His work appears in top journals such as *Tourism Management*, *Annals of Tourism Research*, *Journal of Business Research*, and *International Journal of Hospitality Management*.

His professional engagement includes serving on the editorial boards of 25 international journals, including as editor-in-chief of the *International Journal of Contemporary Hospitality Management* and *Journal of Hospitality and Tourism Insights*.

He joined UCF in 2005 and holds a Ph.D. in Strategic Hotel Management from Oxford Brookes University in England.

PEGASUS PROFESSOR '25

“DESPITE BEING A LARGE UNIVERSITY, UCF HAS A YOUNG SPIRIT. IT IS FULL OF DYNAMIC THINKING AND IS OPEN TO NEW IDEAS.”

DR. YAN SOLIHIN is a professor in the **College of Engineering and Computer Science** who directs the interdisciplinary UCF Cyber Security and Privacy Cluster. His research interests are in cybersecurity and privacy along with computer architecture and systems.

His broad portfolio of research in cyber security and privacy includes trustworthy cloud, secure microprocessors, secure and private artificial intelligence, and organizational and behavioral security. His research also focuses on ways computers can run faster and more efficiently, and he is widely known for pioneering cache sharing fairness and Quality of Service (QoS) and for inventing efficient counter mode memory encryption, which are today widely deployed in datacenters.

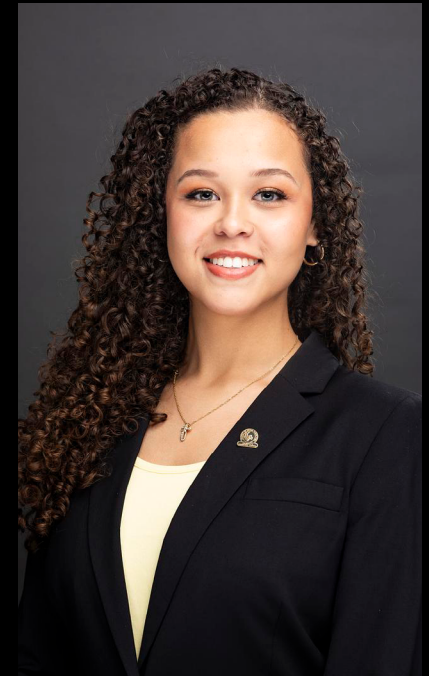

His honors include earning the International Symposium of High Performance Computer Architecture (HPCA) Test of Time Award, the ACM SIGMICRO Distinguished Service Award, Japanese Society for the Promotion of Science Fellow, and the National Science Foundation Faculty Early Career Award. He is in the HPCA Hall of Fame and ISCA Hall of Fame.

He joined UCF in 2018 and earned his Ph.D. in computer science from the University of Illinois at Urbana-Champaign.

UNLEASHING POTENTIAL

"I chose UCF because I was drawn to the sense of community. It was a collaborative environment that I felt like my ideas would not just be listened to, but they would be heard. They would be taken into account. I felt like my ideas could grow and like I could grow here."

COLLEGE FOUNDERS' AWARDS

Each dean chooses one **exceptional undergraduate student** who has demonstrated outstanding ability in their field of study. This recognition and award acknowledge the commitment and accomplishments of a college winner who has achieved success beyond the classroom. As an award recipient, honorees will receive a \$500 Founders' Student Award in addition to the distinction of being recognized for their achievements.

ORDER OF PEGASUS

The **Order of Pegasus** is the highest honor that a student can achieve at UCF. Honorees are selected because of their exemplary academic achievement, leadership, and community service, as well as outstanding university involvement.

Induction into the prestigious Order of Pegasus is reserved for students who have significantly impacted their field of study, campus community, or broader. They are researchers, athletes, student leaders, teaching assistants, and artists who have achieved groundbreaking, national and global recognition and impact.

Since 2001, a total of 438 exceptional individuals have joined the ranks of the Order of Pegasus, each contributing their unique talents and achievements to our university's legacy.
