

UNIVERSITY OF CENTRAL FLORIDA

COMMENCEMENT

FALL 2024 | DECEMBER 13-14, 2024

KEEP REACHING FOR THE STARS

ABOUT THE UNIVERSITY OF CENTRAL FLORIDA

The University of Central Florida is a bold, dynamic research institution that is regularly ranked among the **nation's top 20 most innovative universities** by *U.S. News & World Report*. With more than 69,000 students, UCF is one of the largest universities in the United States and is ranked as **one of the best educational values in the nation** by *Forbes* and *Kiplinger*. The university benefits from a diverse faculty and staff who create a welcoming environment and opportunities for all students to grow, learn and succeed.

A FOUNDATION FOR SUCCESS

UCF and its **13 colleges** offer more than **230 degrees** at UCF's main campus, hospitality campus, health sciences campus and through multiple regional locations. The **1,415-acre main campus** is 13 miles east of downtown Orlando and adjacent to one of the top research parks in the nation. Other campuses throughout Central Florida include a **fully accredited College of Medicine at Lake Nona and UCF Downtown**, which opened in Fall 2019 and provides innovative urban education for high-demand fields such as digital media and health informatics. UCF's online-only programs include bachelor's degrees, graduate degrees and graduate certificates.

TOP-RANKED EDUCATION

UCF is an **academic, partnership and research leader** in various fields, such as optics and lasers, modeling and simulation, engineering and computer science, planetary science, business administration, education, hospitality management, health care and video game design.

TRANSFORMING FUTURES

UCF is the **leading producer of talent among Florida's universities**, awarding more than 18,000 degrees annually to Knights who go on to work in high-demand industries. Nearly 73 percent of our alumni stay in Central Florida because of the **ample opportunity to thrive as part of our region's workforce**. Economic impact figures estimate that with a UCF bachelor's degree, average annual earnings are \$25,500 higher than a Floridian with a high school diploma. Ultimately, UCF students get a 23.4 percent annualized return on their investment.

FROM THE PRESIDENT

Dear Graduates and Families:

Congratulations, Class of 2024. We are so very proud of you. Your optimism, determination, persistence and compassion are an inspiration to the entire UCF community.

The degrees we celebrate today are the fruits of your long labor, often under extraordinary circumstances. The effort you gave attending classes, discovering in labs, creating with faculty and classmates, and working through internships — they led you to this moment and to this new beginning.

Elements of today's commencement ceremony have their roots in the 12th century. You are part of an age-old tradition of scholarship, learning and creation. But you are executing this tradition in revolutionary ways. You are among the most accomplished, diverse and innovative graduates in history. You will develop the solutions, technologies, philosophies and relationships that will drive a better future. You will change the world like no generation before — I have no doubt.

Our graduates have joined a network of 382,000-plus alumni. Together, you will be ambassadors and supporters of this great university. The old saying is that there is power in numbers. I encourage you to use it wisely in service to those around you and to help those coming up behind you.

I would also like to give a special thank you to the loved ones of our graduates. Your support and encouragement contributed more to this milestone than you know. We are grateful to you.

When someone says, “Go Knights,” I always listen for the reply, “Charge On!” It’s not just a cheer, it’s our way of life and how we face the future.

In that spirit, **Charge On, Class of 2024!**

Alexander N. Cartwright, Ph.D.
President and Professor of Electrical
and Computer Engineering

HONORARY DEGREE RECIPIENT AND COMMENCEMENT SPEAKER

DR. THAD SEYMOUR, JR.

Proving that following a “crooked path” has its merits, Thad Seymour, Jr. began his career in a high school classroom, going on to earn a Ph.D. in history. Bitten by the business bug, Thad dove into health technology innovation. He led strategy for the Tavistock Group at Lake Nona Medical City, which includes the UCF College of Medicine and the soon-to-open Dr. Phillips Nursing Pavilion, along with billions of dollars invested in hospitals, research facilities and cutting-edge health and life sciences companies.

After years of collaborating with the university, Thad came to work with UCF to lead the development of its 2016 strategic plan. He then led the effort to build and open the UCF Downtown campus, served as chief innovation officer and ultimately completed his UCF career as interim president from February 2019 to April 2020, in partnership with his extraordinary wife Katie.

Thad holds degrees from Dartmouth College (BA), the University of Wisconsin (MA, Ph.D.), and Northwestern University (MBA). He and Katie are the proud parents of three grown children and have one grandchild (so far).

HONORARY DEGREE RECIPIENT AND COMMENCEMENT SPEAKER

KENNETH D. ROBINSON
PRESIDENT AND CEO, DR. PHILLIPS, INC.
AND THE DR. P. PHILLIPS FOUNDATION

Kenneth (Ken) D. Robinson is the president and CEO of Dr. Phillips, Inc. and The Dr. P. Phillips Foundation, where he focuses on upholding the values and legacy of the Phillips Family. He oversees the organization's real estate operations, an extensive investment portfolio, and one of Central Florida's largest grant-making entities, with over \$257 million donated to the region.

Ken is dedicated to Central Florida, actively supporting various non-profits. He serves as president of the Committee of 100 of Orange County and is a member-at-large for the AdventHealth Foundation Central Florida. Additionally, he is a director of the 4Roots Foundation, a member of the Central Florida YMCA Metro Board, and the Florida Council of 100. Ken has held leadership roles in the Florida Citrus Bowl and the Dr. Phillips Center for the Performing Arts, and he is proud of his connections to the Florida State University College of Business and his hometown university, University of Central Florida.

DR. MARK PENNING

*VICE PRESIDENT, ANIMALS, SCIENCE AND ENVIRONMENT
FOR DISNEY EXPERIENCES*

Dr. Mark Penning is vice president, Animals, Science and Environment for Disney Experiences. He oversees animal care and environmental sustainability at Disney sites around the globe. Dr. Mark also leads the teams that manage Disney field conservation efforts and the responsible portrayal of animals and nature in film and television productions.

Dr. Mark is a veterinarian by training, with a special interest in wildlife. He was CEO of the South African Association for Marine Biological Research in Durban, South Africa, and has served as president of the World Association of Zoos and Aquariums and as a member of the Board of the Association of Zoos and Aquariums. Currently, Dr. Mark sits on the board of the Dian Fossey Gorilla Fund International, and is a Trustee of Wild Welfare, an animal welfare organization.

COMMENCEMENT SPEAKER

COLE NESMITH

**FOUNDER AND ARTISTIC DIRECTOR, CREATIVE CITY PROJECT AND
 CO-FOUNDER AND CHIEF CREATIVE OFFICER, THE MEMOIR AGENCY**

Cole NeSmith is an experience curator, writer, musician, actor and speaker. He is the founder and artistic director of the Creative City Project. He is also the co-founder and chief creative officer of The Memoir Agency. Through these two companies, Cole works to make every place and moment meaningful through epic events and immersive experiences.

Each year, Cole is involved with creating unique artistic experiences that reach hundreds of thousands of guests in Central Florida and beyond. These include Dazzling Nights Holiday events, Happy Frights and Haunting Nights Halloween events, one-of-a-kind corporate and client experiences and innovative arts programming as part of the annual Creative City Project season.

Cole started the award-winning arts non-profit, Creative City Project, in 2012 to elevate Orlando’s creative stature and to help shape the global perception of Orlando as a place known for creativity and innovation. Through The Memoir Agency, Cole and his team create “Immersive Master Plans,” helping cities and developers build irresistible places to live, work and visit. Through artistic activations, Cole helps municipal leaders design cities that bring meaning to people’s lives every day.

Cole is actively involved in Orlando’s cultural transformation. He has been named one of *Orlando Magazine’s* “50 Most Powerful People in Orlando,” *Orlando Business Journal’s* “Power Players,” and was included in OBJ’s “40 Under 40” list. He has also been a regular contributor to the *Orlando Sentinel’s* “Central Florida 100.” As a performing artist, Cole has appeared in professional theater, works of classical and contemporary music, film and TV.

Baccalaureate Honors

Baccalaureate Honors are conferred on those students who complete a minimum of 48 semester hours at UCF. Honors awarded will be based on overall cumulative GPA including transfer credit.

Honors are distinguished as follows:

- *** *Summa Cum Laude* — students with 3.950 - 4.000
- ** *Magna Cum Laude* — students with 3.900 - 3.949
- * *Cum Laude* — students with 3.800 - 3.899

The asterisk (*) appears as indicated above next to the name of each graduate who may qualify for Baccalaureate Honors.

Because records for the final term are incomplete at the time the commencement program is printed and final term grades may affect relative rankings and overall GPA, indication in the program of graduation with Honors is presumptive rather than conclusive.

Baccalaureate Honors distinctions can also be referenced at:

www.ucf.edu/graduation/commencement/#bac-honors

COMMENCEMENT CEREMONY AND ACADEMIC REGALIA, AN EXPLANATION

The Academic Procession has descended from religious processions that came to include teaching faculties when universities were closely associated with the medieval church. The presence of a piper in American academic processions has become popular in recent years. The pipers for UCF's ceremonies are Ben Pugh and Eric Stein.

The procedure followed for the awarding of degree is based on a practice developed at the University of Paris almost 800 years ago. In those days, the bishop of Paris, like every other bishop, was responsible for local educational curriculum and degree granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of the students. This threatened impasse was resolved by a compromise under which the teachers, or masters, judged the merits of the students and then recommended them to the bishop for their degrees. Today's ceremony includes a secularized version of that procedure. The dean of the college certifies that the student candidates are qualified to receive their degrees. The president then authorizes the awarding of the degree.

Academic heraldry in the form of academic dress reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th Century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

As heraldic devices such as shields, coats of arms and standards could identify a knight and his individual heritage, academic regalia can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor's, master's, and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree as well as the individual's field of learning.

The shape and decorations of the gown are the keys to the highest degree earned by an individual. The gown for bachelor's has long pointed sleeves and is designed to be worn closed only. The master's gown has an oblong sleeve and is open at the wrist; the rear part of its oblong shape is square cut, and the front part has an arc cut away. The master's gown may be worn open or closed. The doctor's gown has bell-shaped sleeves, may be worn open or closed,

and may be most readily identified by its velvet facing down the front and by three velvet chevrons on each sleeve.

It is the hood, however, which is the most important and distinctive feature of American academic pageantry. Chevrons enable those attending an academic function to distinguish at a glance the wearer's academic heritage. The bachelor's hood, seldom seen in American academic circles, is three feet long with a two-inch edging of velvet. The master's hood is three and one-half feet long with a three-inch edging. The doctor's hood is four feet long with a five-inch edging.

The color of the hood's velvet edging represents the field in which the wearer earned his or her degree. Although black may be used for any area, colors denoting selected fields of learning are as follows at UCF and American universities: all Ph.D.s are edged in dark blue, while professional doctorates, such as the Ed.D., are edged in the color of professional discipline.

The hoods used by American colleges and universities are lined with silk in the official academic colors of the institution that conferred the degree. UCF graduates, for example, will wear hoods with linings of black and gold. Generally, a school's academic colors are identical to its athletic colors.

The academic regalia you see before you today can be traced directly back to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95 percent of colleges and universities in the country gave America its own distinct academic regalia. At UCF, the baccalaureate tassel colors are representative of the college. In most cases it represents the discipline of each college below.

However, at any academic gathering, there usually appear regalia which cannot be fathomed by these guidelines. Some of these may be from foreign universities; others are from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The result is the academic regalia you see before you today.

THE UNIVERSITY MACE

During the Middle Ages, the mace was an effective weapon in battle, but as newer and more powerful military arms developed, it was transformed into a symbol of authority.

The earliest ceremonial maces were borne by bodyguards of 12th Century English and French kings. By the end of the 16th Century, they were used widely by officials of English cities and towns. Today, the ceremonial mace is found in the British Houses of Parliament and is frequently carried in ecclesiastical processions and in university convocations and commencement ceremonies.

The mace incorporates two symbols identified with the University of Central Florida. The top is cast in the shape of the star found over the Pegasus in the UCF emblem. Inside the star is a reproduction of the “Flame of Hope” sculpture near the John C. Hitt Library.

The mace is cast in bronze with three bronze UCF emblems inlaid at the crest of the rosewood staff. The center of the staff is engraved with the names of the presidents of UCF.

The creation of UCF’s mace was a collective effort by UCF art professor Jagdish Chavda, sculptor David Cambia and wood craftsman David Conway.

THE PRESIDENTIAL MEDALLION

The gold medallion worn by the university president at formal and ceremonial occasions marks the president as a distinguished scholar and administrator, the highest officer of the university, and one who strives to uphold the twin tenets established by its founders: Accent on the Individual and Accent on Excellence.

The medallion is embossed with the university seal showing the mythical Pegasus ascending toward a single heavenly star and the motto, Reach for the Stars. The seal serves as a visible reminder to each member of the university community to strive to reach individual goals. The president has been entrusted to maintain and develop an atmosphere in which these creeds can be realized. The presidential position represented by the medallion epitomizes the foundations and aspirations of the university that the president has pledged to uphold.

As the only UCF official who can formally award a degree, the president recognizes the graduates for meeting the standards of excellence set by the university and for reaching the point from which new ventures begin.

From the presentation of the first medallion in 1968 to charter President Charles Millican to the one worn today, the Presidential Medallion has remained a symbol of academic leadership and the legacy of those pioneers who launched a unique experiment in higher education.

HONORARY DEGREES AWARDED

Honorary degrees are conferred upon distinguished individuals in recognition of extraordinary achievement in scholarship and creativity, or in recognition of a lasting distinction in service to humanity, including meritorious contributions to the university.

The awarding of honorary degrees is a method by which the university expresses its ideals, reveals its character and recognizes exceptional attainments. The greatest recognition the University of Central Florida can bestow upon an individual is an honorary degree.

December 1969	Kurt H. Debus, Doctor of Engineering Science William H. Dial, Doctor of Commercial Science	May 1992	Robert Bryan, Doctor of Humane Letters

DIPLOMA DISTRIBUTION INFORMATION

Approximately 8-12 weeks after commencement, all baccalaureate, education specialists and master's degree diplomas will be mailed to the address indicated on the student's Intent to Graduate form. Students should log into myUCF to update their diploma mailing address if that address changes after filing their Intent to Graduate. For additional information, undergraduate students should call the Registrar's Office at 407-823-3100. Graduate students should contact the College of Graduate Studies at 407-823-4132.
